*Marital Status:* married, wife Jaroslava, sons Marek (1986) and Michal (1991)

*Interests and hobbies:* travelling and tourism, tennis, skiing, riding a bicycle and motorbike

### **The Autobiography:**

My name is Stanislav Eichler. I was born April 18<sup>th</sup> 1960 v Turnov (Czech Republic). I come from Český Dub where I live since I was born and also my parents come from area under the Ještěd Mountain.

I have been married since 1983, my wife Jaroslava works as a teacher at Elementary School in Liberec. I have two sons, Marek (1986) and Michal (1991). Marek studies Pedagogic Faculty at The Technical University in Liberec and Michal attends Economic Lycee at The Academy of Commerce also in Liberec.

My education started by finishing an apprentice school in Liberec with an apprenticeship as electrical engineer for machines and equipment completed by certificate of apprenticeship. After accomplishing an obligatory military service in years 1979 – 1981 I started attending evening classes at Secondary Electrical Industrial School in Liberec where I also successfully passed the school-leaving exam in 1983. In spring of 2008 I completed bachelor's study at Jan Ámos Komenský University in Prague with a field of study in special pedagogy. Currently I continue with follow-up Master study at the same school.

My professional life has always been focused on leading people in different management professions, from the lowest management positions up to the top management. As a manager I worked for significant enterprises and companies in Czech Republic with scope of activities in Liberec Region, namely as a sales director in Desta Děčín (1995 – 2004), as a director of district branch of Czech Insurance Company in Jablonec nad Nisou (2004 – 2005), as a director of ČSOB branch in Turnov (2005 – 2006) and as a director of ČSOB Leasing branch in Liberec (2006 – 2008).

In March of 2004 I joined The Czech Social Democratic Party (ČSSD). The direction and ideals of social-democrats have always been close to my beliefs. In this party I hold an

appointment of vice chairman of ČSSD organization in Liberec Region. Beside that I also take part in the central regional committee of the party and I am also a member of the broader establishment of the party – central executive committee. Since 2006 I have also been a councilor and a member of financial committee in my hometown of Český Dub.

In 2008 I was elected as The President of Liberec Region. Even though I am basically a novice in politics, I want to use my experience and management skills gained in the field where I had worked and to make an effort, so our team work in Liberec Region management brings the maximal effectiveness and benefit to all people who live here.

In Český Dub, dated July 1<sup>st</sup> 2009

---

**Bc. Stanislav Eichler**  
The President of Liberec Region
